

SIX CORE STRATEGIES/TRAUMA-INFORMED CARE RESOURCES

- [Kheya Ganguly](#), Director of Trauma Prevention and Resilience Development at DMH
- [Kevin Huckshorn and Associates](#) – DMH provides Six Core Strategies training opportunities to Designated Hospital Units through Dr. Kevin Huckshorn and Dr. Janice LaBel. Dr. Huckshorn and Dr. LaBel are the developers of an evidence-based model to prevent violence and the use of seclusion and restraint titled “Six Core Strategies”

DE-ESCALATION RESOURCES

- [Kheya Ganguly](#), Director of Trauma Prevention and Resilience Development at DMH.
- [Caldera Associates, LLC](#) - Lead by Mourning Fox and his wife Heather Caldera who has over ten years’ experience as a psychiatric nurse. Caldera Associates focuses on providing basic skills and techniques in de-escalation, violence prediction and prevention to businesses, educators and other social service agencies. Mourning Fox is a former NAPPI and CPI instructor and has taken pieces of these programs, incorporated that with information he gained while attending the Massachusetts Police Academy and his experiences as a trained crisis negotiator, to create high impact/cost efficient trainings. The trainings are generally 1.5 to 3 hours in length for the presentation and discussion.

RESOURCES FOR HEALTH CARE WORKERS WHO HAVE EXPERIENCED VIOLENCE

- [Vermont Victim Assistance Program](#)—helps victims of crime access the criminal justice system and community programs
- [Restorative Justice](#)—victim outreach volunteers in some areas can reach out to victims to hear more about the crime and offer support and information

OTHER POTENTIAL RESOURCES

- [NFI Vermont](#) – NFI has provided trainings as part of several VCPI series on trauma-informed care.
- **Dr. Christian Pulcini** – Dr. Pulcini has been working with VCF to develop trauma-informed trainings for emergency room settings.
- [New Hampshire S.E.C.U.R.E. training](#)
